Is this a "Fast & Focused" Search Request? (Circle One) YES NO

A "Fast & Focused" Search is completed in 2-3 hours (maximum). The search must be on a very specific topic and meet certain criteria. The criteria are posted in EIC2100 and on the EIC2100 NPL Web Page at <http://ptoweb/patents/stic/stic-tc2100.htm>.

What is the topic, novelty, motivation, utility, or other specific details defining the desired focus of this search? Please include the concepts, synonyms, keywords, acronyms, definitions, strategies, and anything else that helps to describe the topic. Please attach a copy of the abstract, background, brief summary, pertinent claims and any citations of relevant art you have found.

A method and system for recording and publishing traditional media source programs over a network. A client sends a request for publication of one or more media source programs in 1 or more encoding format. In response to the receiving request, the <sup>media</sup> source programs are captured ~~as~~ from a media source and broadcast the ~~source~~ media source programs at a particular broadcast time. The media resource programs are encoded in 1 or more coding formats to produce one or more encoded media programs and then published to the network client at a time that is different from the actual broadcast time.
